Community Education Council for District 16 Calendar Meeting Public Comment Procedures

- Effective November 17, 2015, all parties wishing to speak during the Public Comment Session **must sign the speakers** sign in sheet 15 minutes before the meeting start time.
- The President, or whoever calls the meeting to order, will be responsible for informing those in attendance of these guidelines. The guidelines will also be printed on our Agenda.
- Those who do not sign up in advance will be provided the opportunity to provide input via comment card. Our Administrative Assistant will have index cards on hand to distribute to those who would like to make comments and will be responsible for collecting those comments, typing them up and distributing them to all Council members.
- At each meeting, a member of the Council will be designated as Parliamentarian. The Parliamentarian is tasked with using a flashcard to let speakers know when there are 30 seconds left in their allotted 3 minute speaking time and when they have exhausted that time. Our Administrative Assistant will provide those cards at each meeting.
- If a speaker chooses to ignore the time cards, the microphone will be turned off. If they refuse to turn over the microphone, we will ask security to escort them back to their seat.
- If time remains after all public testimony has been taken on the topics on the agenda, speakers on additional topics may be called to the podium, in the order in which they signed the speakers' list. If no time remains, they will be asked to provide their comment via a comment card.
- After each presentation on the Agenda, Council members will first be given the opportunity to ask questions and make comments, then the President will open the floor to public comment. In the event that several proposals are being discussed under one presentation, the President will ask speakers to provide comment on one issue at a time. (For example, we have two merger and re-siting resolutions this month so we need to take comment on those before we take comment on other topics that are not as time sensitive.)
